ANCIENT TERRITORY

Even in a country as big as Australia, the Kimberley always makes and leaves a big impression. Its Dreamtime legends, imposing rock formations and deep gorges give the region an otherworldly quality. Plunging waterfalls offer a cooling break from the heat. It's an ideal place for those seeking adventure of a truly epic spirit and something else: time to reflect on the region's ancient human history and consider the wonders of nature in their purest, most raw forms.

Silver Discoverer is the perfect platform for viewing untamed landscapes.

Notable Silversea distinctions such as elegant, all-suite accommodations with butler service, complimentary spirits and fine wines, and truly world-class cuisine are luxuries rarely seen in expedition cruising. Complimentary WiFi throughout the ship allows you to connect with friends and family any time you please.

The onboard ambience is warm and friendly, and with just 120 guests, there's considerable opportunity to meet and mingle with your expedition team and fellow travellers. After all, one of the greatest joys of an expedition voyage is the company you meet and keep.

VOYAGE HIGHLIGHTS

- Witness the spectacular tidal change at Montgomery Reef
- Discover ancient and mysterious rock art
- Look for the White-bellied Sea Eagle, Osprey, Brahminy Kite and Peregrine Falcon
- View King George's towering twin falls plunging over 80 metres
- Photograph the dramatic tiger-striped Bungle Bungle Range

A TASTE OF YOUR ITINERARY

A flexible itinerary allows us to take advantage of the different natural phenomena. Here are some of the places we may visit during our time in this wondrous region:

Talbot Bay (Horizontal Falls)

The region's tides of close to 36 feet create an amazing spectacle. Depending on whether the tides are ebbing or flowing, experience an exhilarating ride to the "Horizontal Falls".

Montgomery Reef

Observe the amazing tidal changes and a fascinating semi-submerged world with an abundance of reef birds and sea creatures.

Hunter River

Explore narrow mangrove channels watching for numerous bird species and saltwater crocodiles, the most aggressive crocodile known to man.

King George River & Falls

The twin cascades of King George Falls are among Australia's highest. We drop anchor at the mouth of the river and ride Zodiacs® up this spectacular waterway.

Wyndham

View the breathtaking Bungle Bungle Range on an included flightseeing tour.

Optional Excursion – Mitchell Falls Flight

For those wishing to explore the Kimberley's vast interior, an optional helicopter flightseeing excursion to Mitchell Falls, where four tiers of waterfalls plunge into pools that flow out into the Mitchell River, can be arranged.

This optional excursion may be reserved online at MySilversea and paid for on board.

Visit silversea.com/expeditions for a full day by day itinerary description of each voyage.
