Silver Explorer, Antarctica

Veranda Suite, Silver Cloud

SUPREME COMFORT, THRILLING VIEWS

After an extensive refurbishment, *Silver Cloud* will offer more gilt-edged refinements than you would ever expect on an ice-strengthened expedition ship in Antarctica. Along with five dining options, her service and space ratios are among the highest in expedition cruising. With panoramic public spaces, broad decks, and verandas in most suites, breaching whales or cavorting penguins are never far from view.

Silver Cloud can carry up to 256 guests, but when in polar waters we've chosen to limit the number of guests to 240 for your comfort and experience. *Silver Explorer* welcomes just 144 guests to the ends of the Earth. Along with voyages in South America, Africa and Europe, her specially-strengthened hull enables her to glide through ice packs in both the Arctic and Antarctica. Relax after an exciting day of discovery in the comfort of your suite and toast your adventures with a complimentary cocktail. Most suites also include a private veranda, an extravagance rarely seen in expedition cruising.
